PROFESSIONAL SUMMARY

Dedicated and results-driven Backend Developer with a strong foundation in building scalable web applications and enterprise-level management systems. Proven expertise in full-stack and backend ecosystems including Laravel, ASP.NET, and Vue.js. Experienced in managing the entire development lifecycle—from database architecture to API integration—and recognized for launching independent web platforms like dhad.me and muqtabasat.com. Strong analytical problem-solver adept at optimizing workflows and improving digital accessibility.

TECHNICAL SKILLS

- **Backend Development:** Laravel (API), ASP.NET, C#, PHP
- **Frontend Development:** Vue.js 3, JavaScript, HTML, CSS, Tailwind CSS
- **Tools & Databases:** Git & GitHub, Relational Databases, ICDL
- **Core Competencies:** Problem Solving, System Organization, Team Collaboration, Adaptability & Flexibility

PROJECTS & EXPERIENCES

Founder & Full-Stack Developer

dhad.me & muqtabasat.com | 2023 – Present

- Engineered and launched independent web applications, managing backend architectures and front-end user interfaces.
- Built dynamic text-processing features and optimized data querying to deliver seamless content to end users.

Full-Stack Developer

Distributing System for Medicines Factory | 2022 – 2023

- Developed a complete digital distribution platform using Laravel 9 (API), Vue.js 3, and Tailwind CSS to streamline pharmaceutical factory operations.
- Solved critical consumer accessibility issues by creating an electronic product catalog, significantly reducing the time required for users to locate uncommon medications across local pharmacies.
- Designed and optimized a centralized system to facilitate, expedite, and optimize high-volume product distributions.

Backend Developer

AFAQ HADHRAMAUT Travel Booking Platform | 2021 – 2022

- Built a web-based ticket booking platform tailored for land travel to Arabian Peninsula countries using ASP.NET.
- Programmed secure core system functionalities including user authentication (login), ticket reservations, route selection, and payment processing modules.

EDUCATION

Bachelor of Science (B.S.) in Computer Information Systems

AL-AHGAFF University, Hadhramaut, Yemen | 2019 – 2023

LANGUAGES

- **Arabic:** Native
- **English:** Professional Working Proficiency
